Meet Held in Seventh Regiment Armory Largest in Years-De Witt Clinton Does Well in Team Races Cadly Furnishes a Surprise by Winning Mile.

The Princeton Club of this city entertained the schoolboy athletes yesterday at the Seventh Regiment Armory with the largest indoor track meet of the kind that has been held in years. It was an experi-ment on the part of the club, which wished to get the youngsters interested in the university, and if the great crowd and equally great enthusiasm which it showed count for anything the meet was a success. Poly Prep of Brooklyn, which has been demonstrating in a very decisive way of late that it has the best track team in the city, had the point trophy hands down with 31 had the point trophy hands down with 31 points. Its nearest rival was De Witt Clinton with 16 1-3 points. De La Salle Institute had 15 and Manual Training was fourth this time with a score of 10 1-3. By the fraction Manhattan Prep was put in fifth place with 10 points. The third of a point resulted from a tie for fourth place in the running high jump senior.

The seats in the building were rapidly taken up even to those in the small third tier gallery at the side and the great crowd of spectators filled every bit of floor space around the edge of the track. Even the military ambulances and ammunition wagons were used as points of vantage. The management anticipated all this, how-ever, and the crowd was taken care of without the least confusion. Not a person except the officials and competitors was on the floor. The committee which got up and managed the meet included some of Princeton's best known athletes and they were all there. Francis G. Landon was chairman and among the members were Clinton W. Bird, John R. De Witt, Herbert Dillon, William H. Edwards, Frederick Evans, Alexander R. Gulick, Parker D. Handy, Tracy H. Harris, Sheppard Homans, Jr., Darwin R. James, Jr., Dr. James W. Jameson, Winfield S. Kimball, Kenneth C. Kirtland, William C. McGibbon, Jr., William

The junior sprint at 75 yards was an easy five points for Goodwin, the De Witt Clinton youngster, who has won everything in his field this

He ran out to the lead at once and strode around the track at a fast easy pace for nine laps. Directly behind him were two lads who looked almost too small to be competing in the event. They were Cadiz of Manual Training and Horton of Commercial. With every increase of speed by Goulden they pegged up too and stuck as close as they could get. Both looked tired when the last lap came, while Gouden apparently was fresh. At the last turn before the stretch Cadiz and Horton sprinted hard and the Brooslyn Prep mun had no strength with which to fight them. He was beaten off to third place. It was fast going too, 4 minutes at seconds.

Borgman of Hamilton Institute was within an acc of loosing the quarter mile run, in which he was caught nappting. The first 220 yards was run off in very last time and Borgman got such a lead that he thought himself safe for the rest of the way and let down the pace. With 160 yards still to go Storey of Curtis sneaked up and jumped past Borgman before he knew what had happened. It was then a flerce sprint for the line. When he was almost there Borgman gave a last jump and broke the string first. It was a fast 440, but not as good as the one of a week before. Lent of Stuyvesant was up to scratch again in the half mile run. He allowed N. McNulty of Brooklyn Prep to lead in the first four laps and made his effort in the last, when he still was fresh enough to win easily in 2 minutes 6 4-5 seconds.

De La Salle was counting on Scannell in

De La Salle was counting on Scannell in the mile relay race, but he had just finished a hard furlong when it was his time to run and he was not equal to the task. For 300 yards he fought hard to catch the De Witt Clinton runner and then had to give up. The judges found a boy by the name of Zeller competing as P. Roland of Morris High School in the 8 pound shoiput. He won the event, but was detected in time to be disqualified.

De Witt Clinton made an excellent showing in the relay races, but since these did not count in the point score there was mothing to prevent a sweep by Poly Prep. De La Salle Institute figured prominently also in the races and field events. George Scanneil, the sprinter, who has been beaten so often lately that it was believed he was giving out, was back in splendid form. He took his trial heat in the 90 yard run with little effort and in the final beat the best scholastic sprinters in the cfty. A yard behind him was A. Van Winkle of Poly

CRESCENTS DEFEAT YALE. Ell's Association Football Team Loses by 4 Goals to 1.

NEW HAVEN, March 25.—The Crescent Athletic Club soccer team beat Yale thi afternoon 4 to 1, in the opening game of the season for the Yale men. The game was a good one and the attendance record for a soccer game here was broken. The visitors showed better form, the work of McClelland and Baxter being especially good. Cornwall for Yale played the best game for his side and managed to score the only goal for the Elis.

the winning side, while Hugh Hiller, Dave Bispham and Charles Witt represented the home team.

Little Dave Bispham received a whack with a misguided mallet which would have credited him with a home run had he been playing baseball instead of polo. He was game, however, and stuck to the ship, although it was evident by this time that the gailant Durlands were leading a forlorn hope. At the end of the second period the score was 3 to 1.

Charles Witt won the pony class on a gray park hack with good gaits and manners. More than a score of horses answered the bugle call and it was not an easy task to sort them out and award the ribbons, as the entries embraced everything from a sixteen hand hunter to a tiny Shetland Edward Gerken was placed second and Miss Helen Shoemaker on Leo Ottinger's bay polo pony was third. The judges were Mrs. John Gerken, Mrs. W. Woodend and Mrs. E. Sause.

Entries in the potato race were so numerous that the contestants were obliged to ride in couples. Miss Jean Kerbs and Miss Florence Riker were particularly expert in spearing the potato and they carried away a basket full of them as well as the blue ribbon. Miss Eleanor Kendall and Miss Viola Flannery were placed second and Miss Helen Shoemaker and Miss Sophie Pond were third.

The in and out race was won by Alfred Van Raalte, with Sam Shaw in second place.

Smith was in perfect form and in the last three trounds had the Hoboken wonder on the verge of quitting. He hammered Schmidt around the ring in the eighth round, using his right several times on the law, and at the bell had him helding on. In the ninth round Smith sent in his right to the stomach, which made the Hoboken man back away. Schmidt tried hard to put one over, but the Westchester man sidestepped. Smith made Schmidt elinch with a few vicious blows on the jaw and head. Schmidt was all in when he went to his corner. In the final round the Westchester man kept up his work on the body and head with right and left swings and at the bell Schmidt was hanging on in distress.

As this is earlier than the regular tournament season begins here it is to be arranged for the Californians to blay in a number of special meetings, probably of the round robin order, before they sail for London, where the All England will be decided in June.

BILLIARDS.

Champion John Daly to Defend Three Cushlon Title Against Moore.

John Daly, who is champion at the three cushion style of billiards, will defend his cushion style of billiards, will defend his claim to the title against George Moore at John T. Doyle's Forty-second street billiard academy this week. The match will extend over three nights, 50 points being played each night in a continuous match of 150 points. Play will begin at 8 o'clock to-morrow evening.

Daly won the title from De Oro, who had held it for nearly eight months. Had he been successful in defending the title for a year the diamond medal emblematic of the championship would have become his property. Daly and Moore have been practising hard for this match and each player is in good form.

his property. Daly and Moore have been practising hard for this match and each player is in good form.

The national class B championship for amateurs will be decided in the Morningside Billiard Academy, West 125th street, during the week beginning Monday, April 10. This was decided yesterday afternoon at a meeting of the National Association of Amateur Billiard Players held at the German Liederkrapz.

All the games will be of 200 points at 18.2 balk line, anchor barred. The committee in charge is Dr. Walter G. Jennings, New York club: Dr. H. D. Jennings, Crescent Athletic Club, and M. D. Payne, Amateur Billiard Club.

It is probable that the provision that all entrants must show ability to play to a grand average of better than 5 in tournament may be waived for this tournament. All, however, must prove their amateur standing to the satisfaction of the committee. The list will close with the committee April 5; it will then be passed uopn by the officials of the national association. At this time it is certain that Chicago, Boston and Philadelphia will be represented as well as this city. Matinée games will be played and the tournament scheduled to cover two weeks of competition. The Western clubs that applied for this tournament and the association thought advisable.

of Strunkov, a young Russian who made a clean sweep of everything at the international, European, and world's champion ship meets. It is very rarely that a skater carries off all the events at one of the big championships, and never before has it happened that one man cleaned up the card at the three meets. Old World critics are high in their praises of the Russian, who they say is an out and out wonder and the best skater since the '80s, when Harold Hagen reigned supreme. It makes little difference to Strunikov whether the race is a sprint or a long distance contest; he is equally at home, and all the time able to stall off an opponent.
Strunikov did not make any new records

his nearest approach to standard figures being the 500 meters at the international championship which was held at Christiania. His time was 45 1-10 seconds, the world's mark being 44 4-5 seconds and held jointly by R. Gunderson in 1906 and M. Oebolm in 1907, and both records were made at Davos, Switzerland. At this meet the Russian showed his fastest work. He won the 5,000 meters, which is 3 miles 188 yards, in 8 minutes 42 9-10 seconds, which is 5 1-5 seconds slower than the record by Jaap Eden at Hamar as far back as 1894. Strunikov's time for the 1,500 meters, 1,640 yards, was 2 minutes 23 8-10 seconds, and this was 3 1-5 seconds slower than the record of Oscar A letter from California says that William

In his capacity as a member of the executive committee of the National Association

record for the 5,000 meters, which has never since been beaten. The first event on the programme was the 500 meters, which the Russian won by only a few yards from Saeterhaug. Owing to the sharp turns Strunikov was forced out of his course and he had to jump over a snowbank to get back. Saeterhaug had a nice lead, but Strunikov spurted and passed him as they faced the line.

The pair fought it out again in the 10,000 meters and it was a splendid contest for about three-quarters of the journey. Then Strunikov put on steam and drawing away from the Norwegian, lapped him at the finish. In the 5,000 meters theta was great excitement, as Bohrer, the Austrian, ran away with the early part of the race at a fearful clip. He kept in front till about a half mile from home, when the Russian drew level and then spurting to the finish won by fifty yards. and a similar meeting proposed for October to follow the meeting at Mineola the trotting horse devotees of the metropolitan district will once more have an opportunity to see professionals compete over the popular half mile track in Brooklyn.

Last year when the New York and Park-

way driving clubs consolidated there was some talk of resuming purse racing at Parkway, but it was found that there was Parkway, but it was found that there was not sufficient time to announce the early closing events and the matter was dropped. The meeting which will be held in August was brought up for discussion last January when representatives of the two clubs met at the Hotel Astor and decided to remain in combination for their matinees. Nothing definite was done until last Saturday, when members of the Brooklyn club met at Parkdefinite was done until last Saturday, when members of the Brooklyn club met at Parkway and formed a permanent organization. At this meeting W. M. Halsted was elected chairman of a permanent committee which is to take entire charge and manage the races. At a meeting which followed two days later the committee was chosen whose duty it will be to act for subscribers, arrange for classes, purses and stakes and attend to any other business which may come up during the season. J. J. Archibaid, R. B. Bach, H. B. Clarke, J. H. Powers, J. T. Smith, W. H. Strang, Jr., S. G. Lockwood, E. F. Coffin, J. F. Gibbons, T. G. Hinds, Walter Edelmeyer, R. L. Kelsey, S. B. Wolf and William Scott were the members selected, with W. M. Halsted, Joseph Gibbons, Thomas G. Hind and J. H. Powers named as a special committee on classes and purses. Four early closing events of \$1,000 each and eight late races, the terms, conditions and values to be announced later, have already been agreed upon.

The proposed October meeting is as yet in embryo and will depend largely on the success of the August meeting.

It is the opinion of Brooklyn and New York horsemen, however, that with a sufficient amount guaranteed for distribution the fall meeting will get all the horses raced at Mineola and many others owned by members of the two clubs.

For the side wheelers there will be a free for all, a 2:10 class and a 2:15 class, all \$2,000 purses. The Inn Purse is open to entrance for all 2:20 trotters, but they must be driven to sulky by amateurs who are qualified members of the League of Amateur Driving Clubs. Not more than six horses will be allowed to start in a division in this race, and there will be mile heats best two in three.

The ivy covered gates to the old track had never been closed to the public. Goshen was the first to give a four days meeting without betting, the first to give the drivers rewards instead of punishments, the first half mile track to gain admission to the League of Amateur Driving Clubs and is the only half mile track on the Grand Circuit.

At a meeting of the racing committee at Goshen yesterday afternoon J. Howard Ford was elected president of the Goshen track and Rensselaer Weston was reelected racing secretary and treasurer.

Baron Von Amier, a racing celebrity of Europe, arrived in Jacksonville to-day from the Daimler Motor Company of Stuttgart, Germany, to look over the 250 horse-power Mercedes and tune the car up for its supreme effort next week. The Baron believes that the car can be made to go faster than Jenatzy drove it at Ostend last spring.

F. E. Edwards of the technical board of the A. A. A. departed for the beach early this morning and was busily engaged throughout the day making examination of the motors and cars which have been entered for the beach races. The Warner timing device is being installed and it is expected will be finished in time to use in the tryouts to-morrow afternoon.

NOVEL FEATS ON HORSEBACE

PROVIDED BY THE FIRST FIELD HOSPITAL CLUB.

Cossack Riding Evokes Admiration in the First Battery Armory—Fun for the Crowd in Potato Gathering Contex—Doran Wins Broadsword Boot

Equestrian games under the auspices of the First Field Hospital Club proved a decided novelty in the First Battery Armon. West Sixty-sixth street, last night. Seam in the gallery overlooking the tanbark was hundreds of friends and invited guests, all of whom seemed to enjoy the programms. mmensely.
The hospital club had been in existence

five years, but last night's affair was the first of its kind. Lieut. J. P. Dunseith acted as judge. Major W. S. Terribery, the commanding officer, was present and among the invited guests was a delegation from the Twenty-second Regiment. Capt. Butler of the New Jersey National Guard was also on hand. Although the competitive part of the programme was late in finishing dancing followed. Immediately after the opening event

Immediately after the opening event, a music ride, came Cossack riding. Cleve-horsemanship was seen here, the feats of Sergt. Louis Equi being particularly admired. Rough riding followed, and the way Nelson Clinch mounted his horse would have done cradit to a circus participant. way Nelson Clinch mounted his horse would have done credit to a circus performer.

The potato race provoked no end of amusement. According to the condition contestants were required to ride across the armory, dismount, get potatoes from a pall remount and ride back and deposit then in a pail at the starting point. As then were six potatoes in each pail this because something of a task, especially as somes a something of a task, especially as some of the animals seemed to look upon the pair with suspicion.

When the gun was fired that started the

first heat one horse dismayed his rider by promptly backing up to the rear wall and first heat one horse dismayed his rider by promptly backing up to the rear wall and then refusing to budge. C. Rodrique wen the first heat quite handily, while W. Coraccounted for the second. In the finst Rodrique defeated Cox by a narrow margin. The broadsword contest between W. Doran and J. Reilly would have been more attractive if the horses had shown as much willingness as the riders. This was more especially so of Reilly's mount, to which the sound of clashing steel proved anything but musical. Finally after much slashing of the air and an occasional bit of plumage Doran was declared the winner.

The egg race proved successful for R. Thiell, who managed to keep his on the spoon, whereas the others deposited their at different points on the tanbark.

There was more real sport in the sack race. Here the contestants hopped and jumped along the length of the Armory to their mounts, which they had to saddle after first getting out of the sacks. A quick ride round the ring back to the sacks and a final hopping and skipping ended the contest. Although F. Fleck fell a few yards from the finish he managed to gather himself together in time to win, though E. Brennan pressed him closely.

The novelty race caused continuous merriment and the cross Roman riding was also admired. Every one voted the games a decided success and the chances are that they will be annual features in the futter.
